

Consultant:  
Phase: 1  
Section: Various  
County: Various  
Job No.: P-93-048-04  
PTB: 133/\*\*  
Complexity Factor: (R) 0.0

## **SECTION 2 - SCOPE OF WORK**

The CONSULTANT agrees to perform, at the direction of the DEPARTMENT, the services described below:

The CONSULTANT shall provide the DEPARTMENT with approved Bridge Condition Reports, Hydraulic Reports and if needed, Type Size and Location Drawings and structure borings for various structures in various counties in District #3. The CONSULTANT shall provide field surveys(including route and hydraulic stream surveys) and all other services necessary to prepare said reports. The work will be assigned on an as needed basis and issued in the form of Work Orders.

All field surveys shall comply with the requirements for accuracy and closure on established horizontal and vertical monuments as follows:

1. All basic lines shall be closed between monumented bench marks and third order closure (before adjustment) shall be obtained.
2. In all cases where it is not feasible to close horizontal or vertical surveys between existing monuments, it will be necessary to provide the accuracy of the survey by closing the CONSULTANT'S own traverse.
3. The CONSULTANT shall comply with an act to provide perpetuation of existing land monuments.

Progress Reports will include a statement summarizing the work performed during the report period and an outline of the work expected to be performed during the following period.
